MNO-OB SUSTAINMENT PLAN

Monthly E-Huddle/Newsletter to update team on progress, celebrate successes, and maintain project momentum

OSF – OPIOID USE IN PREGNANCY INITIATIVE NEWSLETTER

April 27, 2020

SUCCESS STORIES:

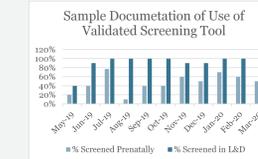

FY 2020 YTD: 87% MFDC patients with positive 5P screen seen by Care Manager

Kudos to Mandy Meier for working to put patient education folders together

Increase in Screening Percentage with validated tool

"Those who dig for water and give up, make potholes. Those who persist and dig deep, make a well."
- L.A. Golding -

Missed Opportunities:

April delivery (highlighted in yellow on tracking log) – OUD checklist not scanned in upon discharge from Mom/Baby

April delivery (highlighted in blue on tracking log) – NAS consult not completed prior to delivery

E-Huddle also Includes OUD Tracking Log of Current OUD Patients and Delivery Plan

Monthly Staff Education Notices in regards to key initiative action items such as:

- 5 P Screening
- OUD Checklist
- Education Folders

Quarterly check-ins with OB offices to answer questions and provide with additional resources as needed
