 15 PP beds

4. MNO-OB Progress

Screening Tools

Currently using the 5-P's tool in Physician offices and on the Labor & Delivery Unit. The tool will be incorporated into our EPIC EMR in the future. The paper copies are presently being scanned into the patient's chart.

MNO-OB Folders

Created & available for L/D and Nursery; physicians have the folders in their offices for reference. Color-coded with infant's nestled inside the mother's folder.

Education Campaign

All staff were educated in February including nursing staff, obstetricians and pediatric hospitalists through OLIE education and didactic presentations; staff had Q/A opportunities following. Presentations were mandatory for all nursing staff. MNO grand rounds were scheduled but placed on hold due to the COVID-19 pandemic.

5. IPLARC/IPAC or MNO Overflow

Monthly Review of all OUD Cases

Perinatal Coordinator reviews all OUD cases in real time to make sure we have everything covered. The team discusses opportunities and re-educates staff as needed.

Not currently involved in the IPLARC/IPAC initiative

OB Storyboard

Use this space for overflow and additional information your team would like to share.

A large, empty white rectangular area intended for sharing overflow and additional information. It is bounded by a thin blue line on the top and sides, and a thin blue line on the bottom. The interior is completely blank white space.
