### MNO-OB Folders

### Education Campaign

### Discussion at Department Meetings

- Hospital Opioid Committee
- Physician's discuss alternative pain relief options
- Limit Rx narcotic and quantity

### Monthly Review of all OUD Cases

Cases of OUD are reviewed- only 1 case since the initiation of the initiative

## 5. IPLARC/IPAC or MNO Overflow

- Continue to work with private providers to screen prenatally
- Social work to see patients and provides additional resources – Helathcare Alternative Systems/Women's Treatment Center/Haymarket
- Due to low volume- individualization of patient plan of care is done on admission for mom & baby
- Finnegan score is done on babies

## 6. PVB
