

**Improving the
quality and
coverage of
contraceptive
care**

ILLINOIS CONTRACEPTIVE ACCESS NOW

ican!

Become an ICAN! Community Partner

Enhance knowledge of
Quality Family Planning and
Reproductive Justice.

Improve routine screening
for and provision of
reproductive health care in the
primary care setting.

Help patients find a birth
control method to support
their reproductive well being.
You can even add this quiz
to your own website.

Expand same-day access to
the full range of methods of
contraception by joining a
Quality Hub referral network.

Did you know?

An estimated
500,000 women
in Illinois fall into
a contraceptive
coverage gap.

ICAN! aims to de-silo & improve quality of reproductive health through TRUER care:

- T Trauma-informed
- R Respectful of everyone
- U Unconscious-bias aware
- E Evidence-based
- R Reproductive well-being centered
