

Meeting with Jamila Pleas & Dr. Jones

Recommendation

- Papers should be given in 3rd Trimester and postpartum
- Research on Advocacy
 - Pregnancy Bill of Rights
- Hard stop on television in hospitals (3 minute video on Preeclampsia & Hypertension) before they can watch television
 - Nurses need to champion this
 - Include Partner because this is a “team effort”
 - Cheap & cost effective
- On board with the tools outlines in 3.4
- Tools should reintroduce/enforce by 3rd trimester
- Add round table talk to 3.2
 - Encourage moms engagement
 - If we want to have an impact we have to provide more
- Under Speak Up Flyer Add:
 - Roll out Round Table Talk
 - Use all of our networks
 - Discuss and have a candid conversation
 - LIVE Stream
 - Short Video
- 3.1-3.3 Tools:
 - Engaging Nurses will help engage the patients
 - Engaging nurses create better outcomes and patient experiences
- Add a 3.1(a) and a 3.1(b)
- Impatient interviews
 - 5 minute interviews to see patient experience (already added)
- Add in 3.2 & 3.3:
 - Webinar
 - State strongly that we need to stream on a platform that patients can stream into while in the hospital
 - Include surveys are important and hospitals to look at
 - Provide to community
 - Understanding what engaging the community look like

Google Form due February 19th, 2021 by the end of the day.
