The SHARE Approach

AHRQ’s SHARE Approach is a five-step process for shared decisionmaking that includes exploring and comparing the benefits, harms, and risks of each option through meaningful dialogue about what matters most to the patient.

A Fact Sheet (PDF, 756 KB) about the program is available.

SHARE Approach Workshop Curriculum

The SHARE Approach Workshop curriculum was developed by AHRQ to support the training of health care professionals on how to engage patients in their health care decisionmaking. The curriculum is made up of an introduction, four content modules, and a module with training tips.

- Introduction to SHARE Approach Workshop
- Module 1: Shared Decisionmaking and the SHARE Approach
- Module 2: Using Patient-Centered Outcomes Research (PCOR) in Shared Decisionmaking
- Module 3: Communication
- Module 4: Putting Shared Decisionmaking into Practice
