Within 9 months of initiative launch, ≥75% of participating hospitals will be providing immediate postpartum LARCs.

**Aim**

**Primary Drivers**

- EMR/IT systems in place for IPLARC tracking
- Hospitals reimbursed for IPLARC insertion
- LARC devices available on site at the hospital for immediate postpartum insertion
- All OB/postpartum units equipped to provide IPLARC
- Patients aware of IPLARC as a contraceptive option
- Trained clinicians available to provide IPLARC

**Secondary Drivers**

- Create order set for IPLARC
- Educate providers and staff on IPLARC documentation procedures
- Develop billing mechanism in place for Medicaid and private insurance
- Add devices to formulary
- Assure devices/kits available on all OB/postpartum units in timely manner
- Revise policies/procedures to provide IPLARC
- Educate clinicians and staff on the evidence and clinical recommendations of IPLARC
- Educate clinicians and affiliated prenatal care sites on contraceptive choice counseling
- Train clinicians on IPLARC insertion

**Recommended Key Practices**

1. Assure that all appropriate IT systems are modified to document acquisition, stocking, ordering, placement, counseling, consent, billing and reimbursement for IPLARC.
2. Assure billings codes are in place and that staff in all necessary departments are educated on correct billing procedures.
3. Have protocols in place for billing in/out of network, public/private insurance
4. Establish communication channel and multidisciplinary support among appropriate departments.
5. Modify L&D, OB OR, postpartum and clinic works flows to include placement of LARC.
6. Store LARC devices on L&D and/or develop process for acquiring devices in a timely manner
7. Educate providers, nurses, lactation consultants, social workers about clinical recommendations related to IPLARC placement and breastfeeding.
8. Educate clinicians, community partners and nurses on informed consent and shared decision making.
9. Connect with providers and staff at prenatal care sites to ensure they are aware the hospital is providing IPLARC and that education materials are available.
10. Distribute patient education materials that are culturally sensitive and use shared decision making to counsel patients about IPLARC.
11. Participate in hands-on training of IPLARC insertion.
