

**ILPQC ESSI Monthly Data Collection Form  
Hospital Measures**

**REDCAP Study Identifiers**

<b>Hospital ID Number</b>	<b>Hospital ID Number:</b> _____	
Please select the month for this submission:	<input type="checkbox"/> Baseline (Oct - Dec 2023) <input type="checkbox"/> January 2024 <input type="checkbox"/> February 2024 <input type="checkbox"/> March 2024 <input type="checkbox"/> April 2024 <input type="checkbox"/> May 2024 <input type="checkbox"/> June 2024 <input type="checkbox"/> July 2024 <input type="checkbox"/> August 2024 <input type="checkbox"/> September 2024 <input type="checkbox"/> October 2024 <input type="checkbox"/> November 2024 <input type="checkbox"/> December 2024	<input type="checkbox"/> January 2025 <input type="checkbox"/> February 2025 <input type="checkbox"/> March 2025 <input type="checkbox"/> April 2025 <input type="checkbox"/> May 2025 <input type="checkbox"/> June 2025 <input type="checkbox"/> July 2025 <input type="checkbox"/> August 2025 <input type="checkbox"/> September 2025 <input type="checkbox"/> October 2025 <input type="checkbox"/> November 2025 <input type="checkbox"/> December 2025

**Structure Measures**

1. Hospital has standardized provider and hospital staff education about listening to parents and caregivers, providing respectful care and building trust, addressing implicit bias and engaging in anti-racism.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place	
2. Hospital has standardized provider and hospital staff education about the importance of a safe sleep environment and engaging in meaningful, culturally appropriate, respectful, nonjudgmental conversations with parents or caregivers about safe sleep.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place	
3. Hospital has a standardized practice of promoting a safe sleep environment in the hospital setting in accordance with the 2022 AAP Recommendations.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place	

4. Hospital has a policy in place for safe sleep practices reflective of the 2022 AAP Recommendations.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
5. Hospital has a standardized process to use qualified language interpreters in parents/caregivers' preferred language.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
6. Hospital has a standardized process for reviewing all unit policies with an equity lens and making necessary changes.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
7. Hospital has parent(s) and/or caregiver(s) on the newborn quality improvement team.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
8. Hospital has a standardized process to provide parents or caregivers culturally responsive safe sleep education including awareness of potential challenges, modeling, and teach back opportunities during hospitalization.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
9. Hospital has a standardized process to identify barriers to providing a safe sleep environment outside of the hospital	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
10. Hospital has a standardized process to provide resources to enable a safe sleep environment outside of the hospital.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
11. Hospital has a standardized process to screen for newborn inclusive Social Determinants of Health and to link to needed resources.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
12. Hospital has a standardized process for transfer of care to the newborn's community provider, including documentation of ESSI Newborn Care Plan.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place

13. Hospital has a standardized process for the collection of parent-reported <b>newborn</b> race and ethnicity data.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
14. Hospital has a standardized process to <i>stratify and share</i> neonatal data by <b>birthing person's</b> race, ethnicity, and insurance status.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
15. Hospital has a standardized process to <i>address</i> disparities based on review of neonatal outcomes stratified by <b>birthing person's</b> race, ethnicity, and insurance status.	<input type="checkbox"/> Haven't started <input type="checkbox"/> Working on it <input type="checkbox"/> In place
<p>Sleep Environment Audit:</p> <ul style="list-style-type: none"> <li>• <b>Audits should be conducted monthly for 20 infants on your postpartum unit that are eligible for safe sleep. This includes rooming-in with the parent(s) or caregiver(s)</b></li> <li>• <b>If you have a NICU or Special Care Nursery, please complete an additional 20 audits for infants in your NICU or Special Care Nursery</b></li> <li>• <b>Infants excluded from the audit are those that are medically unsuitable for safe sleep practices</b></li> <li>• <b>If there are fewer than 20 eligible infants on a unit to audit, audit all eligible infants available</b></li> <li>• <b>Please conduct audits on both day shift and night shift</b></li> </ul>	
<b>Postpartum Unit</b>	
16. Number of infants on Postpartum unit audited for safe sleep	
17. Number of audited infants on Postpartum unit noted to be in a safe sleep environment	
<b>Special Care Nursery or NICU</b>	
18. Number of infants on Special Care Nursery or NICU audited for safe sleep	

19. Number of audited infants on Special Care Nursery or NICU noted to be in a safe sleep environment		
<b>Education Measures</b>		
20. Cumulative percentage of physicians and providers completing education about listening to parents and caregivers, providing respectful care and building trust, addressing implicit bias and engaging in anti-racism	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%
21. Cumulative percentage of nurses completing education about listening to parents and caregivers, providing respectful care and building trust, addressing implicit bias and engaging in anti-racism	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%
22. Cumulative percentage of ancillary clinicians completing education about listening to parents and caregivers, providing respectful care and building trust, addressing implicit bias and engaging in anti-racism <i>Ancillary clinicians can include occupational therapists, physical therapists, speech and respiratory technicians.</i>	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50% <input type="checkbox"/> 60%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%
23. Cumulative percentage of hospital staff completing education about listening to parents and caregivers, providing respectful care and building trust, addressing implicit bias and engaging in anti-racism <i>Hospital staff can include laboratory technicians, environmental services (EVS), lactation consultants.</i>	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%

<p>24. Cumulative percentage of physicians and providers completing education about the importance of safe sleep and how to effectively educate parents or caregivers</p>	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%
<p>25. Cumulative percentage of nurses completing education about the importance of safe sleep and how to effectively educate parents or caregivers</p>	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%
<p>26. Cumulative percentage of ancillary clinicians completing education about the importance of safe sleep and how to effectively educate parents or caregivers <i>Ancillary clinicians can include occupational therapists, physical therapists, speech and respiratory technicians.</i></p>	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%
<p>27. Cumulative percentage of hospital staff completing education about the importance of safe sleep and how to effectively educate parents or caregivers <i>Hospital staff can include laboratory technicians, environmental services (EVS), lactation consultants.</i></p>	<input type="checkbox"/> 0% <input type="checkbox"/> 10% <input type="checkbox"/> 20% <input type="checkbox"/> 30% <input type="checkbox"/> 40% <input type="checkbox"/> 50%	<input type="checkbox"/> 60% <input type="checkbox"/> 70% <input type="checkbox"/> 80% <input type="checkbox"/> 90% <input type="checkbox"/> 100%
