

Our Respectful Care Commitments

1. Treating you and your baby with care and respect
2. Introducing ourselves and our roles to you
3. Learning how can we best support and partner with you to care for your baby
4. Communicating effectively with you and each other to provide the best for your baby
5. Listening to ensure that your voice is being heard
6. Partnering with you to make decisions that are right for your family
7. Valuing personal boundaries and respecting your dignity and privacy
8. Recognizing how your past healthcare experiences may affect how you feel while your baby is here
9. Supporting you as you develop the skills and resources to care for your baby
10. Addressing any concerns or ways that we can improve your baby's care

As a provider, nurse, or staff member caring for birthing persons, infants and families on this unit, I have reviewed and commit to these respectful care practices with every patient.
