

Perinatal Mental Health Matters

Perinatal mental health conditions, including substance use disorder, are a leading cause of maternal mortality

- Illinois DocAssist connects providers with a perinatal psychiatrist for treatment guidance and referral support
- Our psychiatric consultants can quickly assist you with addressing the mental health and substance use needs of your patients

How it Works

1. Register once
2. Book a service
3. Talk to a consultant
4. Establish a treatment plan and follow-up

**Call for free, same-day consultations Monday-Friday, 9AM-5PM
or book a service online at your convenience.**
